

## HCS SB 301 -- SEWER SERVICE

This bill increases from \$28 to \$50 the voter-approved fee that may be charged for the repair of lateral sewer service lines on residential property having six or less dwelling units in St. Charles County, St. Louis County, and St. Louis City. Currently, the assessment of the fee is quarterly; the bill allows for the annual assessment of the fee.

The bill also requires any municipality that establishes or increases the fee to include all defective portions of the lateral sewer service line from the residence to the public sewer line in the repair program.
